EDUCATION

Master of Computer Application, VIT Vellore   Expected 2024
Relevant Coursework : DBMS,Data Structures And Algorithms, OS , Networking
CGPA - 8.5 (Ist Semester)

Bachelor of Computer Application, JIMS VK   2018 - 2021
CGPA - 8.87

Higher Secondary, CBSE   2018
Percentage - 74%

SKILLS

Technical Skills	C++ , C , Java(Beginner)
Web Technologies	HTML , CSS , JavaScript
Databse	MySQL
Version Control	GitHub

EXPERIENCE

Ethical Hacking   June 2019
Tech Explica

- Completed 2 weeks summer training in Ethical Hacking
- Successfully cracked the three keys of the MR ROBOT Operating System and gained access in the system as an admin or root user.
- Tech Stack:- Kali Linux, MetaSploit , NMAP, BurpSuite

PROJECTS

Forex Trading Bot.

- Created using Smart Money Concepts using Meta Quotes Language 4 and technical indicators.
- Implemented uniform ,routine, and repeatable operations at the highest possible speed of response with theutmost precision of their implementation
- Achieved an accuracy of 35% with a high risk to reward ratio.

Detection and Classification of Eye Disease

- Developed a Classification and Prediction Algorithm based on CNN and Deep Learning to classify eye diseases.
- The algorithm uses SMOTE for balancing the data and different activation functions.
- It produced highly accurate results after training with a small data set.

ACHIEVEMENTS

- Secured 1st position in Student of the Year (Treasure Hunt) organized by Commcentric – The Commerce Association of Kamala Nehru College

PROFILES

- LeetCode
- GeeksForGeeks
